

Record of cleaning activities

Drivers must clean all surfaces passengers are likely to touch before every trip.

Surfaces a driver is likely to touch must be cleaned:

- ✓ if more than one driver uses the CPV - before a driver passes the vehicle to the next driver, or
- ✓ if you are the only driver of your vehicle - at least once per day.

All high-touch surfaces must be cleaned:

- ✓ at the beginning of a driver's shift, and
- ✓ if the CPV is used for private purposes in between trips – before a driver's next trip.

For more information on vehicle cleaning visit: <https://cpv.vic.gov.au/>

Cleaning checklist – high-touch surfaces

| <i>Driver high-touch surfaces</i> are anywhere a driver is likely to touch, including: | <i>Passenger high-touch surfaces</i> are anywhere a passenger is likely to touch, including: |
